STREET CAR HITS AN AUTOMOBILE AT DONORA; ONE KILLED

WORLD WAR VETERAN CRUSHED TO DEATH

Automobile Collides With a Street Car At the Lower End of Donora, the Soldier Being Caught Between Machine And Pole

LIVED NEAR MONESSEN

Enroute to His Work, Engaged On An Overhead Bridge At Baird Station—Body Removed to the Rabe Morgue In Donora—Later Taken Home

Jacob Toussaint, 32 years old, a resident of Rostraver township, near Monessen, was instantly killed by being crushed to death this morning at 7:40 o'clock. Toussaint, who is a carpenter, was enroute to Baird station, where he was working on the overhead bridge at that point. At a point in the lower end of Donora, near Americo park, his automobile skidded in turning a street corner, colliding with a street car, Toussaint being caught between the machine and a telephone pole and crushed to death. The body was taken to the Rabe morgue in Donora, and later removed to his home.

Mr. Toussaint was alone in the car, and was on his way to his work when the accident occurred. He is the son of Peter Toussaint of the township named, and is said to be survived by not only his father, and possibly his mother, but by his widow.

The conductor on the street car was Samuel Michener of Charleroi, with Motorman A. D. Jarret propelling.

Toussaint was driving a Dodge roadster. He was employed by the Rice-Jones Contracting company.

VERNON IS A COMER IN THE MOVIES

Jackie Vernon has just completed work in two productions in Hollywood. His first is with Viola Dana as a bell-hop in a part similar to the one in "A Million to Burn," and the latter is a juvenile lead in a semi-western production featuring Franklyn Farnum. In the latter part Jackie takes the part of a renegade young brother who is the center of much trouble in the United States. Jackie is coming along at a rapid pace and no doubt will be featured in big things during thecoming year.

DAUGHERTY WILL "FIGHT IT OUT"

Chicago, Feb. 29—(United Press)—Former Senator George E. Chamberlain, Democrat, Oregon and Paul Howland, Cleveland, will take care of the legal aspects of Attorney General Daugherty's fight with the Senate while he attends to his business.

After leaving for Miami last night Daugherty authorized announcement here that he had retained counsel, welcomed the forthcoming Senate investigation of his office and was ready to fight it out.

The announcement added that he would return to Washington from Florida "as soon as possible."

ODD FELLOWS IN ANNUAL BANQUET

LADY SUFFERS A SEVERE LEG FRACTURE

Mrs. M. Kunstler of Lincoln avenue, suffered a severe fracture of her left leg about 8 o'clock last evening, when she fell on the icy pavement at Second street while on her way to a theatre accompanied by her two daughters. They were crossing the street at that point when the accident occurred. Mr. Rubenstein, who conducts a store in Second street, witnessed the accident and ran to Mrs. Kunstler's aisstance. Together with Attorney Roy I. Carson, who resides at Second street, the two men removed the woman to her home, where she was attended by Dr. Edwin McKay, who set the injured member.

Last night in their hall in the Bank of Charleroi building, the local lodge of Odd Fellows, assisted by the Rebekahs, held their annual banquet. The Hon. James T. Heffran was in charge of the program. Upwards of 200 were present.

The features were a musical and literary program, taken part in by local folk, the various numbers being well rendered. The program was lengthy, but was well received, and the affair was accounted by those present as one of the most happy of these regualr functions.

The program was as follows:

Opening Ode.

Chaplain, E. G. Shipley.

Violin solo, Cecil Christie, Allie Brenton.

Vocal solo, Mrs. Kurpjuweit.

Monologue, Praythor Shuster.

Violin and guitar, Cardmale Brothers.

Reading, Grace Anderson.

Vocal solo, Mrs. Provins.

Comedy sketch, Behrendt and Costelli.

Reading, Mrs. Wooster.

Address, Rev. Hilbert.

Closing Ode.

Playmate Confesses To Slaying Brownsville Lad; Result Of A Quarrel

Brownsville police yesterday were successful in clearing the mystery surrounding the killing of Henry Morabec, 13 years old, whose body was found in the woods near Brownsville, when Alexander August, aged 14 years, and a playmate of the dead boy, confessed that he shot his boy friend after they had disputed a contemplated trip to Arizona to hunt Indians.

When the boy fell, mortally wounded, according to the confession, the older lad fled in terror and hid until the police found him yesterday.

One report is to the effect that August was about to be released, after grilling, but that be broke down and made confession of the crime.

LABOR GAINS BIG VICTORY

London, Feb. 29—(United Press)—Election of Arthur Henderson, home secretary in the MacDonald cabinet, to parliament by a majority of 7,000 in the Burnley by-election, was hailed today as an important victory for labor.

Henderson was under fire in commons Wednesday, yet he carried the first by-election since the labor government's accession to power.

Local Team Is Said To Be The Leaders

In one of the most exciting games ever played on the H. T. A. C. floor, the H. T. A. C. Wanderers managed to defeat the strong Donora Scholastics by a score of 29 to 23. This team previously defeated the Grand Five and were considered the Valley champions. The Wanderers now claim the Valley championship by this victory. Jamison's shot from center floor, started the scoring for the locals. The locals were leading at the end of the first quarterly by a 6 to 5 score. Jamison again ran wild and caged two field goals in succession. The score ended 14 to 11 in the locals' favor at the half. The visitors showed wonderful teamwork but were unable to drop them through the hoop. Jamison, the star performer for the locals, had to be taken out on account of a slight injury. The score at the end of the third quarter stood 24 to 13 in the Wanderers' favor. The visitors ran wild in the last quarter but could not overcome the big lead. Marasovitch, All Scholastic center of Section Five of the W. P. I. A. L., was close guarded and unable to cage more than two field goals. Orient and Gress played best for the visitors, while Estaque and Jamison starred for the locals. The line-up:

Wanderers		Scholastics
Feeney	F	Gress
Jamison	F	M. Orient
Estaque	C	Marasovitch
Jordan	G	C. Orient
Duttine	G	Hookey

Field goals—Feeney 2, Jamison 6, Estaque 2, Michener 2, Gress 3, M. Orient 2, Marasovitch 2, Hookey 1, Duttine 2.

Fouls—H. T. A. C., 1 out of 10; Scholastics, 7 out of 18.

Substitutions — Michener for Jordan, Jordan for Jamison, Geho for Hookey.

Play Pleases A Large Crowd At Auditorium

The auditorium of the Charleroi High School was filled to its capacity last evening to witness the presentation of "Uncle Sam's Council" and "The Tenderfoot," which were given under the auspices of St. Jerome's Council, Boy Scouts. A number of favorable comments have been made on the production, which was one of the best ever staged in Charleroi by juveniles.

"Uncle Sam's Council," which was made up of boy scouts from St. Jerome's Catholic church and young ladies from the junior Sodality, was well rendered. Uncle Sam, who was played by F. Henrion, was in a troubled state of mind over the affairs of today and decided to call in our forefathers to give their views on the subjects. He reviewed history back to the time of Powhatan and Pocahontas. John and Priscilla Alden, George and Martha Washington, William Penn and wife, who all offered their suggestions in an effort to help Uncle Sam in his perplexing questions. Then followed the modern days, represented by the School Teacher, Preacher, Nurse, Doctor, Army and Navy, President of the United States, lawyer, Inspector of Port, who offered their views but who were unable to help Uncle Sam solve his problems. The foreign nations were called upon and representatives from Ireland, China, Japan, Philippine Islands, France, Italy, and Russia were represented in the Council. Little Miss Elder as a Bohemian Girl favored with a dance, which was well received.

"The Tenderfoot" was one of the best juvenile acts ever presented and brought forth considerable laughter from the audience. It would be impossible to give each member of the cast his rightful praise, and each one is worthy of all the encoiums that can be given them. The cast was made up of E. Lee, J. Pagoda, R. Bailey, H. Puchinger, R. Carroll, G. Bailey and F. DeCoster. The boys showed remarkable talent and training.

The play was staged under the direction of Edward Protin and William Ludwig, with dance numbers by Miss Rita Criste. Mrs. Ethel Fries accompanied on the piano.

JOHN N. O'NEIL IS PRESIDENT

John N. O'Neil was elected president of the Men's Social Union of St. Mary's Episcopal church last evening, when the men of the church held a social and smoker for the purpose of organizing a men's club. Rev. Frederic C. Lauderburn, of Trinity church Pittsburgh, was present and spoke at length on the opportunities of a Men's club in the church in helping to bring unchurched people into contact with the church His talk was decidedly beneficial and interesting. A splendid musical program was also enjoyed. C. Warren Kinder, well-known tenor contributed a number of ocal solos which were highly appreciated. He was accompanied on the piano by Miss L. Audrey Michener. Mr. and Mrs. Robert Turnbull entertained with a vocal duet which called forth much applause. The unison singing was much enjoyed.

Steps were then taken for the institution of the Men's club, named the Men's Social Union, and officers were elected as follows:

John N. O'Neil, president; Walter H. Fielding, vice president; Weston H. Gilette, secretary, and Harry C. Yon, treasurer. Practically everyone present joined the club and it was decided that the meetings should be held once a month. There will be limited [illegible] ever the officers are obliged to be communicants of the organization. Next Monday evening in the Board of Health office the executive committee will meet to make definite plans and appoint committees. There will be no social meetings until after Lent.

The Community Troop Second At Donora Meet

Troop No. 1, Community Troop, under Scoutmaster Lawrence Frye and Assistant Scoutmaster Charles Hall, took second place in the big Council Scouting championship meet held last evening in the Sixth street school in Donora, scoring 25 points. The American Legion Troop, No. 1, under Scoutmaster Haney of Monessen, was the honor troop, coming in first place with 33 points. Third place by the Methodist troop, No. 2, of Monessen, Scoutmaster W. B. Blackburn, 14 points; fourth place, Presbyterian Church troop, No. 2, Monongahela City, under Scoutmasters McIsaacs and Simpson, 12 points, and fifth place by Presbyterian Church Troop, No. 4, Charleroi, scoring 8 points. Scoutmasters Mollenauer and Clutter have charge of this troop.

The meet was an important step in the lives of the Scouts and was attended by over 250 Scouts, parents, and friends. Executive Scoutmaster, C. A. Huntsberger of Homestead Council, was present and presented the shield to the winning troop. American Legion Troop, Monessen, Scoutmaster Haney in charge, responded with a short talk. Scout Executive C. H. Baird of South Hills Council, presented the banner to the best drilled troop, while Scout Executive W. A. Robb of McKeesport Council presen-

BOARD HELPING MANY MOTHERS

The Washington County Board of Mothers' Assistance fund has recently summarized its work for the year 1923 and feels that some report is due every section of the county.

At the beginning of the year 1923, 35 mothers were being assisted. Today there are 51 mothers receiving aid, 17 of whom reside in the river district, 12 in the Panhandle district, six in the Canonsburg-Houston district, eight in Washington, and eight others in the Claysville-Amity and Eighty-Four districts. Of these same 51 families, 32 are native Americans, 28 white and four colored, and 19 are foreign, nine being naturalized. The board always stresses the importance of the foreign mothers becoming naturalized.

Between January 1, 1923, and January 1, 1924, 24 new families were granted assistance. During the year seven beneficiaries were removed by reason of moving out of the county, sufficient income, remarrying, and refusal to keep children in school until the age of 16. The waiting list January 1, 1923, showed 73 mothers. On January 1, 1924, there were 43 on the waiting list. Between January 1, 1923, and January 1, 1924, there were 33 new applicants.

State Supervisor Mary F. Bogue, urges the trustees to see that all children have a physical examination, whenever it can be provided by a free clinic. In some communities this can be done, in others it is not possible because of the lack of free medical aid. Miss Isabel Lambie, investigator for the board, reports that there have been 20 physical examinations made, four dental cases cared for, and five tonsil and adenoid operations.

Mrs. Frank Fish, Millsboro; Miss Sue Johns, McDonald; Mrs. Theodore Byers, Monongahela; Mrs. Olive W. Grace, Washington; Mrs. George B. Sprowls, Claysville; Mrs. William C. Black, Canonsburg, and Mrs. John C. Judson, Washington, have lately been recommissioned by Governor Pinchot.

The board appreciates the cooperation of the Washington county poor [illegible] ton General hospital, the health clinics of the county, relief leagues, school principals and teachers, directors and nurses, who have aided them in giving to these children and mothers support.

FIRST MEETING OF THE NEW ORGANIZATION

The first regular meeting of the Parent-Teachers' organization of North Charleroi will be held Monday evening, March 3, in the North Charleroi school building. A good attendance is especially urged to turn out that evening to hear Mrs. C. B. Renn of California, who will talk of the good results of such organizations. Mrs. Renn has had much experience with Parent-Teachers' societies, having organized one in Williamsport, and her talk will be both instructive and interesting. All mothers who have children ranging in age from 3 to included, may bring them as there will be some one to look after them.

HALL SPEAKS OF THE FOUR-FOLD LIFE

Wednesday evening, H. S. Hall, executive scoutmaster of the Boy Scouts, spoke of the fourfold life in the Methodist Episcopal church before a large audience. The four-fold life he said was, "The Work life; the play life; the love life, and the worship life." Last evening Dr. Boetticher of Donora spoke of the word of the Lord as it seeks to lead men into harmony with Almighty God. This evening Mr. Etlinger, a Monessen layman, will occupy the pulpit and present the gospel appeal. At the close of the public meeting this evening the Sunday School Board will meet. An invitation is extended to the public to be present at this evening's services.

A NEW PRIEST IS TO SAY HIS FIRST MASS

S. S. Cyril And Methodius Will Be the Scene of a Great Occasion Sunday With the Rev. John J. Cura Officiating

FIRST TIME IN THE HISTORY

Event Will Be Auspicious—Rev. Joseph A. Kushner Will Preach the Sermon — There Will Be a Special Musical Program, And Many Visitors

SS. Cyril and Methodius church of Tenth street, will be the scene of a great occasion Sunday morning at 10:30 o'clock when the Rev. John J. Cura, who was ordained into the priesthood at St. John's Pro-Cathedral, Altoona, Pa., Monday, February 25, by the Right Rev. John J. McCort, D. D., bishop of Altoona, will conduct his first solemn High mass. It is the rules of the church that a newly ordained priest will conduct his first mass in his home town. This will be the first time in the history of Charleroi that one of its local men has been ordained into the priesthood, and the event, therefore, will be an important one. Rev. Cura is the son of Mr. and Mrs. John Cura of 301 Tenth street, Charleroi.

The services Sunday will start with a procession, consisting of the altar boys, representatives of the various church societies, flower girls, the bride, additional altar boys, seminarians, priests and the celebrant. The procession will march from the basement of the church into the church. Following the mass there will be the blessing and then the presentation. Rev. Joseph A. Kushner, pastor of the local church, will preach the sermon. There will be a special musical program, and many visiting priests are expected. Following the mass a dinner will be served in the church basement by the ladies of the church.

At 4 o'clock in the afternoon benediction will be said in the local church, following which the members of the congregation and laity will journey to Fayette City, where they will be served a supper in St. Edward's church and a musical program rendered.

Immediately after the services here on Sunday Rev. Cura will leave for Bitumen, Pa., a town in the Altoona Diocese where he will take charge as pastor of the Immaculate Conception church of that place.

Representative Men Ask Company For Better Train Service

Hon. James T. Heffran and William H. Milliken, representing the Charleroi Chamber of Commerce, and J. Bryant Tussing and Thomas P. Tweed of the Charleroi council, the former its president, waited on executive officers and train heads of the Pennsylvania Railroad company in Pittsburgh this week, the purpose of the local contingent being to secure restoration of the train service which the people of this community enjoyed prior to the last change of schedule. We are informed that the company will again change its schedule on Sunday, April 27.

Mr. Heffran, secretary of the Chamber of Commerce, reports that the local delegation were accorded a most respectful and courteous hearing; that the powers-that-be of the railroad company realized the justice [illegible] the interview, that the reason mainly for the taking off of trains that militate against the interests of the people of Charleroi and this locality, was that of necessity. They made no promise of relief in the contemplated change and the local gentlemen left assured of sympathy, only.

The principal grievance and matter of regret, making it inconvenient for the traveling and working people is the abandonment of certain trains south. Taking off these trains and changes in the schedule of others, mitigates not only against the interests of Charleroi from a commercial standpoint, they work to the detriment of the laboring people—men who are the bone and sinew of the community. For illustration:

There is no train southward bound after 7:59 at night until the "bummer," which is due here at 12:48 a. m. Formerly people could come to Charleroi, do their trading, or attend the movie and return on the nine train.

Under the present day schedule there is no train south between the hours of 9:36 and 1:59; the train at 12:36 was taken off.

there is no train south between the hours of 9:36 and 1:59; the train at 12:36 was taken off.

[illegible] so much to the detriment of the people, but the most serious in the entire schedule is that of the change whereby the train southward bound due here at 5:46 a. m., does not stop here now until 6:06, thus preventing workers in particular, from [illegible] their work in mines to the south of Charleroi on time.

ALLENPORT SHOOTING HERE

Conducted At the Undertaking Rooms of Deputy Coroner M. T. Crowley — Testimony Adduced It to the Effect That Blood Poisoning Developed

busy official yesterday, when he conducted inquests in accidents which had their sequel in fatalities. One of the inquests was the coasting accident at California, which claimed two lives, and the other, held here, in the undertaking rooms of Deputy Coroner Michael T. Crowley, was the shooting at Allenport on Christmas night, which resulted in the death of one man, the juries returning verdicts of "accidental" in each instance.

Frances Goswha, aged 17, and Harvey Henshall, aged 19, were fatally injured in the coasting accident at California on the night of February 12, when the bobsled on which they were riding crashed into an automobile driven by Earl Burton. The Goswha girl died the next day, while Henshall succumbed to his hurts on February 16.

At the inquest it was shown that Burton was driving on the right side of the street and the sled crashed into his machine as it rounded a curve.

The inquest into the Allenport shooting developed that Frank Allen, wounded while scuffling for the possession of a weapon with Enoch Davis, also colored. From testimony given, both men had been drinking and the tussle for the weapon was a friendly one. Allen's wound was not a serious one, being in his leg, but blood poisoning developed, which caused his death in a Pittsburgh hospital.

Davis, alarmed, account of the tragic ending of the scuffle, has disappeared, and his whereabouts are unknown.

The Personal Side

Carl Schmieler of Fallowfield avenue visited in Monongahela last evening.

Dr. Carl Miksch, an interne in the West Penn Hospital, Pittsburgh, spent last evening visiting in Charleroi.

Mr. and Mrs. Thomas Patterson of Lock Hill are the parents of an eight pound daughter, Norma Jean, born Friday, February 22.

W. G. Mollenauer of Meadow avenue returned to Charleroi yesterday after spending a few days on business in Pittsburgh.

George Wheeler of this place was in attendance at the evening performance of "Blossom Time" at the Nixon theatre, Pittsburgh last evening.

Mrs. P. E. Williams returned to her home in West Middlesex today after an enjoyable visit with her daughter, Mrs. H. E. Price of Sixth street and other relatives.

Mrs. E. H. Bradley of Fallowfield [illegible] her son, Howard, who is a student at Pitt, attended the performance of "Blossom Time at the Nixon theatre, Pittsburgh last evening.

Miss Grace Sewell of Fallowfield avenue and Miss Kathleen McManus of Washington avenue attended this week's performance of "Blossom Time" at the Nixon theatre, Pittsburgh.

C. H. Walls of Fallowfield avenue returned to his home last night from New York City, where he had spent the past week visiting his son, Junior, who is making his home with relatives there.

ONCE MILLIONAIRE DIES A PAUPER

New York, Feb. 29. — (United Press).—William Bradley, once worth millions, as head of the company which built most of the New York subways, died a pauper, it was revealed yesterday when his will was filed for probate.

Bradley was wellknown as a breeder and owner of horses. He was the center of a political tempest in 1911 when his company was awarded the subway contracts.

REAR ADMIRAL GETS BIRTHDAY

Washington, Feb. 29.—(United Press).—Leap year's extra day brought Rear Admiral Colby M. Chester, retired, one of his few birthdays today.

Though he is 80 years old, Admiral Chester has "leaped" 61 birthdays.

Binder for Cigars.

Chemists of Lehigh university have just perfected a binder for use in cigars which it is claimed will permit carrying a cigar in the pocket without fear of breaking it under ordinary conditions.

Old German Belief.

Among the old German settlers in Pennsylvania it was a popular belief that a boy could be cured of homesickness by placing salt in the hems of his trousers and making him look up the chimney.

Deafness of Snakes.

Snakes have no external ears, and it is thought that they hear little or nothing. Whether they feel sound impulses through their bodies or bones is something that is not known.

Compensation.

Mrs. Hoyle—"It's too bad that we are kept at home from the opera by the storm." Mrs. Doyle—"Well, it will give us something to talk about, when we do go."

An Oversight.

Go-gettery is quite in vogue and is highly successful in so many cases where the citizen has failed to mine the approaches to his money and chattels.

And Maybe Better.

If the girls would spend a little less time in making eyes, and a little more in making pies, they would come out just as well.—Wabash Times-Star.

Weak and Brave.

A great deal depends upon a man's courage when he is slandered. Weak men are crushed by detraction, but the brave hold on and succeed.

Uncle Eben's Opinion.

"I admires de truth," said Uncle Eben, "but de man dat tells it 'bout every little thing is liable to be purty shameless."

Watch Your Step!

It isn't always safe to marry a girl who looks good enough to eat. A wife disagrees with a man oftener than a dinner.

Important Research.

The research for what is true and the practice of what is good are the two most important objects of philosophy.

Nothing but Praise.

Mr. Meane—"I have nothing but praise for the new minister." Deacon —"So I noticed when the plate went around."

In Society's Realm

Misses Henrietta Woodward and Ruth Glerihue were joint hostesses at the regular meeting of the Fortnightly card club last evening, which was held in the Community room of the Elks club. After an enjoyable evening of cards, Miss Virginia D. Zellers receiving the favor, luncheon was served in the dining room.

Mrs. Mary Davis was hostess to the Social committee of the W. B. A. of the Maccabees at her home in Fifth street last evening. Plans were made for a Spaghetti supper, which will be held in the lodge rooms in the P. H. C. hall, Thursday evening, March 6. A large number of members were present at last evening's meeting and the time was pleasantly spent. At the close of the business session a delicious luncheon was served by the hostess, assisted by her daughter, Mrs. Mary Leonard.

At the home of Miss Eva M. Coulter, 332 Lincoln avenue last evening, the members of the Jane Allen society of Christ Lutheran church held their regular bi-monthly meeting with a good attendance. The time was delightfully spent in fancy work and social converse. Mrs. Walter F. Bromwich and Miss Marie Lancaster were the visiting guests present. At the close of the evening the hostess servd a dainty luncheon in the dining room, assisted by her mother, Mrs. Robert Coulter. The table and luncheon were prettily appointed with colors of red, white and blue and candy cherries were given as favors.

THE COMMUNITY TROOP SECOND

(Continued from First Page)

ed the medals. Deputy Commissioner D. K. Sterritt of Monessen officiated as timer; Deputy Commissioner O. M. Wise of Charleroi, acted as scorer, while Scout Executive H. S. Hall of this place, ran the meet. Announcements were made last night of the coming of the next meet which will be held outdoors in the month of June, and of the starting of a Patrol Good Turn contest, March 1.

The prize for the best drilled patrol was a big banner, received by Troop No. 1, of the Washington Avenue Presbyterian church, in charge of Scoutmaster Mollenauer. Medals for the First Aid race went to Troop No. 1, Charleroi, Howard Hill, Brant Enos, Harvey Loughead and Harry Torbetrt, receiving the medals. The judges disagreed somewhat on this contest, the contest being won by the Presbyterian troop of this place, but due to an error in the problem of bandaging the wrong arm, the prizes were awarded to the community troop. Medals for signaling were awarded to Mileo Paterson, Reino Rnuti, of Troop No. 1, Monessen American Legion. Members of that troop also won medals for the Wall Scaling contest, Payne Buchanen and Walter Labbika, Harry Rosen, John Roe, Andy Galuppo, Paul Passoja, Neilo Paterson and Reino Rnuti, coming out first. The Knot Tying race was won by Eimo Makimen of Monessen. The prize for making the best homemade set for fire by friction was presented to James Boggs of Troop No. 2, Monongahela.

INSURANCE FOLK ARE BANQUETED

The entire Charleroi Office force of the prudential Insurance company headed by their assistant superintendents, W. P. Kistler and P. W. Liggeit, and consisting of the following agents, John Dalzell, John Deitz, Clyde Gilbert, Frank Manandise, Arthur Fefover, Jacob Gherlein, W. R. Bedillion, Myer Miller, Sylvester Welsh, Raymond Gray, J. Leslie De Mess, J. M. McClain and William McFall, motored to Washington yesterday and together with agents from Monongahela, Brownsville and Washington were guests of their superintendent, George P. Kunkleman of that place. Mr. Kunkleman entertained in the George Washington hotel, with a banquet which was followed by a short business meeting. A number of officers from the home office of the company, located at New Jersey, were present and delivered lengthy addresses, which added greatly to making the meeting an interesting one.

Assistant Superintendent Kistler and W. R. Bedillion from the Charleroi office, Superintendent G. P. Kunkleman from Washington and Mr. Black from Brownsville will leave on March 4, for the Home office of the company where they will represent their offices as leaders for the Prudential in 1923.

CALUMET

The Economy BAKING POWDER

BEST BY TEST

Doughnuts, Cakes, Biscuits, Muffins—all will be perfectly raised and properly baked—everything will turn out "just right" if you use it.

Three baking powder factories—the largest and most modern in the world—are continually kept busy producing enough Calumet to supply the great demand.

It never varies. In every can the last spoonful is as good as the first.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

OUR TRAIN SERVICE.

The last change in its schedule by the Pennsylvania Railroad Company hit Charleroi and hit the borough hard. The coterie of men, mentioned in the news columns, who recently waited upon the officials of the company, for relief, were imbued unselfishly for the best interests of the people of Charleroi and the territory which this borough represents. It was not their province to demand, but rather to make requests, in matters of so vital concern. The railroad company officials gave it as the reason why the trains were taken off was because the company was losing money. As a common carrier the company is obliged to run passenger trains, and the taking off of trains because they do not pay, does not appeal to the average person as good business. It is to be doubted if there is a railroad in the United States where its passenger service is self-sustaining, and railroads would run fewer, and in cases, no passenger trains at all, only they are required to do so by state law.

It is to be hoped that in its change of schedule in April the Pennsylvania Railroad company, as applied to local conditions, will not only stretch a point in the restoration of those trains which mean so much for public welfare, but that it will also make its schedule more clearly conform to the actual needs and requirements of the people of Charleroi and the people of the outlying districts, who contribute so much for the business and material prosperity of the borough and the community.

FOMENT ALTRUISM.

In connection with the Dollar Day sales a feature which will appeal — that is to be commended in that they foment altruism. What Charleroi needs, and what every borough needs in this day and age, is the true spirit of altruism.

Altruism and optimism are twin brothers. They work hand in hand. What this country is today is due to the capable men and women of today and the seers of the past—all altruists and optimists.

Charleroi is what it is today through the altruistic and optimistic tendencies of its early inhabitants made practical, and the province of the citizens of the borough today in making "dreams come true."

The borough is designed for greater things, which will eventuate as time progresses. The Mail, at this time, desires again to felicitate and congratulate those kindred souls, business men and citizens, who are conjointly enjoying the perquisites incident to the present Dollar Day sales, for the spirit which they engender will mean not only for the future perpetuity of the town, but closer relationships and better affiliations wkith all concerned.

LEVEL-HEADED EXECUTIVE.

Washington is now in a condition bordering upon hysteria which surpasses the tense excitement evident during the war period. Rumors which are so absurd that they would not command a moment"s attention in ordinary times are eagerly repeated, and the acts of every public man are being scrutinized with microscopic care in an endeavor to involve him in questionable relations with the oil industry, or with those who have figured so prominently in the recent investigation.

Men who have well established reputations for coolness and sagacity have seemingly caught this fever of suspicion, and are joining in the chorus of condemnation. It is no exaggregation to say that the coolest man in Washington is the Presdetn. He has refused to be stampeded into [illegible] and is meeting all facts as they are brought out with the same calmness which has marked him since he took office in August. He has, despite the bickerings of amibtious politicians, played a straight narrow in the field of the Nation's affairs.

Calvin Coolidge has pursued the [illegible] upright course, knowing that [illegible] of the country are back of [illegible] are back of him, be[illegible] to be honest. De-

THE OFFICE CAT

A COLD PROPOSITION.

She was as pure as snow, but—she drifted.

The dictionary is a comforting book. You can always find how to spell a word if you know how to spell it in the first place so you can hunt for it.

ALL ABOARD.

An old negro mammy was very patient with the very spoiled white child she had to take care of, but one day she could stand it no longer. "Listen to me, chile," she vociferated. "If youall ain't good I'se gwine to derail yo' train and switch your caboose."

A WORD TO THE "WISE."

Congress, Congress! Oh, ye haughty
Little men from here and there—
Congress, Congress! Naughty, naughty!
Winter's come! Don't waste hot air.
Raising query and objection,
You end up where you began—
Smith, forget the next election;
Play the game, and be a man.

Down our way they tell of a man who was so hard that he could ride a porcupine through a bed of cactus and never get a scratch.

Since the automobile was invented, humanity is divided into two classes —the quick and the dead. The quick are those who got out of the way and the dead are the rest.

THE CRYING NEED.

What the world needs is fewer solemn announcements beginning: "What the world needs is—."

A fish is the only creature that can "drink like a fish" and continue to exist.

A school teacher was very much annoyed by the continued mischievousness of one of her boys. At last, she exclaimed in exasperation, "I wish I could be your mother for just about one week."

"Very well, I will speak to father about it," responded the youngster coolly.

Those who reach success by practice haven't time to preach.

You know what a cat says when you rock on her tail. Well, that's the way some girls sing.

A definition: "A kitchen is a small room in which tin cans are opened."

The earliest inhabitants of America had thick skulls, and that probably explains why they didn't restrict immigration.

BESSIE PASSED THE BUCK.

Bessie had a new dime to invest in ice cream soda. "Why don't you give your dime to foreign missions?" said the minister who was calling.

"I thought about that," said Bessie. "But I think I'll buy the ice cream and let the druggist give it to missions."

Young women who are crazy to become movie stars have been told that they must have legs, and legs cannot be purchased at the drug store.

No, Gladys, Hiram of California did not organize the Johnstown flood.

This "Alice Blue"
Seems just the hue,
For pretty girls, I think;
I don't quite know
Just why it's so,
But they look like "Helen Pink."

QUEEN PHOTOGRAPHED IN BED

Marie of Jugo-Slavia Has Pictures Taken With Her Infant Son.

British women are deeply interested in the publication in all illustrated newspapers of pictures of the young queen of Jugo-Slavia lying in bed with her infant son, the heir to the throne.

This is the first time that a monarch's consort has been photographed in bed, and it is also the first time that a queen has been photographed with her hair flowing loose over the shoulders, and also the first time a king has been shown sitting at the royal bedside holding a baby in his arms.

Queen Marie, a beautiful young brunette, is seen wearing a nightie adorned with a costly lace necklet. She is also pictured with a magnificent pearl necklace as she lies in a plain brass bedstead with the infant crown prince pillowed in her left arm.

Another photograph represents the heir's grandmother, the queen of Rumania, fondling and kissing the Balkan prince.

What appeals particularly to society leaders here is that while stage beauties invariably are tastefully marcelled when subjected to the camera, in bed or out, the queen of Jugo-Slavia consented to admit the photographer before her maid had even brushed her hair.—Robert J. Prew, in a London dispatch to the Chicago Herald and Examiner.

Deciphering Charred Documents.

In most detective stories incriminating papers are destroyed by being burned and the baffled detective or other interested person is therefore unable to learn their contents. But a method has now been discovered of reading the writing that was on a document. The charred paper is placed in contact with a fast or medium plate for a week or two in the dark and the plate then developed as usual. There appears to be an emanation that affects the plate except where the charred ink acts as a protective coating. It is curious that films need a much longer contact than plates, and that sometimes the effect is reversed unless the film is previously washed and dried.

Lady Book Agents.

Tradition tells us that the sibyl brought to Tarquin nine books of prophecy. These she offered him at a price which he refused to pay. She then burned three books and offered the remaining six for the same price. Again he refused and again she burned three books, offering the remaining three for the original price. Then he accepted.

"It's that way with lady book agents," declared Uncle Pennywise upon hearing this story. "Some has one scheme and some has another, but they always sell the books."

For Just One Hotel.

In furnishing a hotel recently erected, 37 miles of carpet were laid on the floors of the guest rooms and corridors, while 25,000 pounds of horsehair were used to stuff the bed mattresses. To obtain 7,000 pounds of feathers and down for the pillows, 90,000 geese were killed. If this number of living fowls were formed into columns four abreast, the line would be two miles long. Marching in "goose step," at a normal speed, the host would be three hours and forty-one minutes passing a given point.

HOUSE TO PASS THE TAX BILL

Washington, Feb. 29. — (United Press).—The House will pass the tax reduction bill today.

The final form of the income tax provisions of the measure was in doubt as the House met for the final session. All indications, however, point to agreement on a compromise which would insure that the bill will be sent to the Senate bearing a Republican label, instead of being essentially the Garner Democratic plan.

Eleventh-hour efforts were under way to unite all Progressive Republicans with the administration group on this compromise, which would substitute for the 44 percent maximum surtax of the Garner plan a 37 1-2 percent rate and would change the normal tax rates also.

Word from the White House that President Coolidge will accept the compromise if it is found impossible to pass the Mellon plan was believed to have increased hopes of a compro-

Bacharach, and Tilson brought back word from the White House that the president still preferred Mellon's original plan, but that rather than have no tax reduction he would accept the compromise.

Tax reduction is to be made applicable at once, under the bill, as it is to pass today. It will provide for a 25 percent reduction in 1923 income taxes which are to be paid beginning March 15 this year.

FORD COMPANY USES OVER 500,000 CARS

Detroit, Mich., Feb. 29—More than half a million freight cars, one-fifth the freight car ownership in the country, are used annually by the Ford Motor Company's main plants and various branches, according to figures just given out here.

The average freight charges paid through the Detroit offices direct to railroads, that paid by branches on minor shipments, and freight charges on direct shipments made from manufacturing institutions to branches approximates $78,200,000 annually. Adding to this about $75,000,000 paid by dealers on shipments of autos received by them, brings a conservative figure of $150,000,000 paid every year in freight charges through the instrumentality of the Ford Motor company.

An average of 860 car loads of freight are handled every day in and out of the Highland Park and River Rouge plants alone, and it is estimated that on the Ford Motor Company's account 50,000,000 pounds of freight in carload lots are handled every day in Detroit district.

Shipping space economics, effected through the company's unique methods, are seen in the fact that while ports shipments to the assembly branch plants are figured at 10 units per freight car, in rail shipments of completed cars from the branches to the dealers, only six assembled Ford cars and trucks can be loaded into a standard 36-foot box car.

The larger part of the Ford freight is shipped with the Detroit, Toledo & Ironton, the Ford railroad, as either the initial or participating carrier and especial attention is paid to the classifying of all freight, so that not only the company but the dealer as well receive the benefit of expert services in freight classification and rate adjustments.

Blue Uniforms Too Heavy.

When the volunteer troops were called for the Spanish-American war it was found that the heavy dark blue uniform was too warm for service in the tropics. A service uniform of khaki cloth was therefore introduced. In 1902 the whole dress regulation of the army was changed.

Preserving Honey.

Extracted honey can be kept indefinitely if it has been fully ripened before extracting, and if it is not exposed to the moisture of the air. It usually crystallizes in a few weeks or months, but may be liquefied at any time, and will retain its flavor and consistency indefinitely.

Gate of Warning.

The Long Island railroad, in 1915, was the first to introduce in the United States the black and white striped railroad gate now generally used as a means of warning automobilists and others of railroad crossings.

Miners Wear "Tin Hats."

Army "tin hats" designed to turn shrapnel in battles of the World war are now being used as head protection against falls of rock and ore in mines of California, West Virginia, Oklahoma and Illinois.

Netherlands Once a Sea.

Before the birth of the Rhine a great part of the Netherlands, as one now sees it, was a sea, limited on the German side by a rocky coast which now shows itself in the Tuetoburger Wald hills.

Gas Light in London.

The first exhibition of lighting the streets of London by gas took place on the king's birthday, June 4, 1807. The lights consisted of a row of lamps in front of the colonnade before Carleton house, London.

A NEW USE FOR AN AIR PLANE

New ork, Feb. 29—(United Press)—An air detectivein a fast plane will be used in an effort to run down New York's first homing pigeon blackmailer, police said today, after investigating a strange story told by William Boreheck, wealthy Long Island city dry goods merchant.

Captain John Gallagher said an effort to follow the bird death messenger through the air is feasible.

Borheck was working in his big store yesterday when a large, neatly wrapped box was delivered to his office. Heopened it to find a plum, bright eyed pigeon and a letter demanding that the bird be freed at once with $1,000 tied to its leg.

The merchant took the bird to police, who, after investiation, accepted the story seriously.

"Unless you deliver $1,000 by this bird your life will be in danger," the note to Borheck said.

Boreheck is a partner in Henning, Borheck and Hevser. His partners said they knew no reason why anyone should attempt to extort money from him.
